Nothing on the Market Equal to Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Diarrheea Remedy.

This fact is well known to druggists everywhere, and nine out of ten will give their customers this preparation when the best is asked for. Mr. Obe Witmer, a prominent druggist of Joplin, Mo., in a circular to his customers, says: "There is nothing on the market in the way of patent medicine which equals Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints. We sell and recommend this preparation." For sale by all druggists.

TOPPED THE MARKET.

Utah Lambs Made the High August Price on a Lower Market.

The band of lambs marketed today from the Uintah reservation. Utah, by A. Smith, one of the leading sheepmen of that territory, was the best of the seaon, about as good as grass lambs ever get and, in spite of the 10015c decline prices quotable for the general market, rought the month's top figure. While Mr. Smith was well pleased he was not surprised, as he has a habit of being on top with his sales because of the good quality and prime condition of his offerness. He topped the season's market last year at 15.75, which was considered a very high price. He started these lambs has Saturday and will have another train here tomorrow. He runs a band of 6.00 ewes all selected, and the best Cotswoll bucks he can buy are used as sires. Today's effering consisted entirely of May lambs, and their weight, 67 lbs. tells the story of how fat they were better than any description can. He considered them the best lambs shipped out of the state this year and the anxiety of buyers to get a chance at them indicated that they were of the same opinion. A good many sheep have changed hands on the range this spring, but flock owners stand pat for very stiff prices and many will winter their sheep rather than sell. Wool buyers have been all over the sheep territory making bids on next season's clip and a good many owners have contracted at 20c per pound.—Kansas City Drover's Telegram. Mr. Smith was well pleased he was not
